EXPECTATIONS

With Quality, Service and Delivery

WHO WE ARE

Established in the year 1964 as an Inspection Agency and Testing Laboratory, Eskaps started its operation in Eastern India and continues, to be one of the oldest and most reputed testing and analytical laboratories in India.

Eskaps (India) Private Limited is one of the leading NABL Accredited (ISO-17025), BIS Approved, ISO 9001 Certified, NABCB Accredited (ISO-17020) Laboratory & GeM Listed Inspection Agency. We are privileged to serve various Govt. Semi-Govt. and Private Organizations across the globe for over the past 60 years for Testing and Inspection of different products.

Our lab is also approved by Bokaro Steel Plant (BSP) and Rourkela Steel Plant (RSP). We are an empanelled inspection agency recognized by JCO, FCI and NAFED. Additionally, we are the permanent members of the Jute & Jute Product Sectional Committee (TXD 03) of BIS.

SEAFOOD AND PROCESSED FOODS

ENGINEERING PRODUCTS

PLASTICS PRODUCTS

LEATHER & RUBBER GOODS

WATER & SOIL

MINERALS & ORES

REFRACTORY MATERIAL

CHEMICAL PRODUCTS

CONTAINER INSPECTION

**ANY OTHER PRODUCT AS
PER BUYER REQUIREMENT**

TESTING

All tests boil down to four major disciplines - Mechanical, Chemical, Biological & Electrical. Eskaps is one of the few testing laboratories in India that has the capability and skill set to service all the disciplines. The efficacy of tests also hinge on the equipment that a laboratory uses. We are proud to say that not only do we use the most modern equipment but we also engage experienced and technically qualified personnel to carry out the tests, ensuring that the results are accurate.

BENEFITS OF TESTING

Product testing guarantees quality and reliability, validating a product's performance and safety. Rigorous testing identifies defects early, ensuring customer satisfaction and loyalty. It builds trust in the brand, minimizes recalls and ultimately saves costs. Robust product testing is a cornerstone for success in today's competitive market.

STANDARDS USED FOR TESTING

We are capable of undertaking analysis and testing as per the following specifications:

- National Specifications like IS, DKS, JSS, JIS, IND/TC, IND/AR, G/TEX, FDDI, RDSO, CCL, WCL, ECL, UIC, IRS/R, DMSRDE, etc.
- International Specifications like EN, ISO, BS, DIN, GOST, BDS, ASTM, SATRA, SS, NZS, KS, GSA, Canadian Specifications etc.
- Other buyers' specifications, if required
